

UPTIME KIT

Joker RX

INTRODUCTION

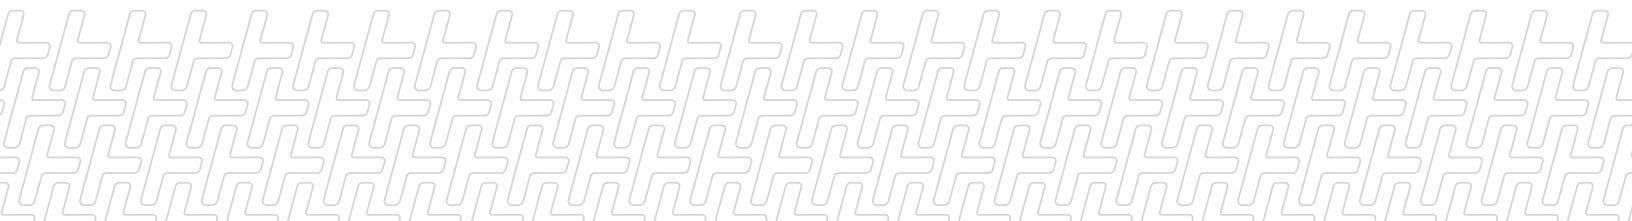

Thank you for your commitment to HORSCH!

Our goal is to help you and your HORSCH machine run as efficiently as possible. Unfortunately in farming, parts wear over time or even break which leads to downtime for hours or days. While we can't predict *everything* that can go wrong on your machine, ground engagement parts have the best chance to slow you down. That's why we have created this **Uptime Kit for the HORSCH Joker RX**.

This kit includes parts that can help you make quick fixes to get your HORSCH machine up and running again as soon as possible without a call or trip to the dealership.

If you have questions, contact your local dealer!
